Facility Solutions for the Public & Private Sector

**Project Management | Program Management
Facilities Management | Construction Management**

AFG Group, Inc.

AFG Group, Inc. is a Woman-owned Small Business, and staffed by architects, engineers and other construction professionals who specialize in providing comprehensive Project and Construction Management Services. AFG has provided services to the Department of Veterans Affairs, U.S. Postal Service, General Services Administration, Department of Treasury, the Smithsonian Institute, the National Institutes of Health, and other federal agencies; and to the Commonwealths of Massachusetts and Virginia and the States of New Jersey and New York, among others. Our services include providing support at a client's office, providing services from AFG offices, and offering on-site project management services. Originally established as the ANADAC Facilities Group, AFG provided construction management services through the 1990s. In 2000, AFG became an independently owned and operated women-owned small business. Today, our professionals have supported federal facility owners throughout Eastern coast of the United States.
